

Pharmabiotika-**Bonsai Meet** 2015

20 – 20 of Expo's

Location

Hyderabad

Venue

Dates

Aug 26 , 2015

HIGHLIGHTS

- First time in the history of Exhibitions we have come out with a new innovative way to participate in a B2B Exhibition “Pharmabiotika 2014 – Bonsai Meet”.
- This is the 20 – 20 of Expo's.
- Fast business dating for participating companies with their potential customers
- This is a real time, new way of doing actual business interactions at a low cost for organizations participating in Exhibitions world wide
 - You don't buy space for exhibiting your products but you use minimal space for interacting with business customers
 - You don't spend on transporting your machines
 - You don't spend on designing or making your stall
 - You don't spend on any other hidden cost like extra furniture or extra electricity
 - You don't need to send in a big team to man your stall but just send two people from your business development team
 - You can meet many international visitors and exhibitors under one roof at a nominal cost.
- Event only for 2 days (10 am to 6 pm each day)
- Visitors / Customers from across the world who come into the event to meet their preferred customer will be able to meet you at the same venue.
- We will give you the Visitor Contact details after the event apart from the Event Exhibiting companies.
- Bonsai Meet is easy for international exhibitors to participate at minimal expenses
- Bonsai meet doesn't attract students or window shoppers who are not business customers.

BUSINESS VISITORS

- Visitor Marketing by our team, thru one to one meetings
- Advertisements – Print media like Business Magazines, Trade Magazines, Newspapers etc
- Advertisements in hoardings
- Mailers to potential customers
- Sending Invitation cards to potential customer
- Promotions through Social Networking sites
- Participants can also invite their potential / existing customers into the event

WHAT YOU CAN DO?

- You can display small products or samples within the space available.
- You can use products catalogues / pamphlets / presentation on your laptop for displaying products / services.
- You can use LCD & DVD players for displaying your products or services, facilities etc.
